

SPECIFICATION

Absolute ethanol with 2,0 g/l higher alcohols

CHARACTERISTIC	PARAMETERS
Clear	total
Mechanical impurities	none
Colour	colorless
Content of ethanol in temperature 20° C, % vol., not less than	99,6
Content of carbonyl compounds count on acetaldehyde in 1liter of 100% ethanol g, not more than	0,3
Content of acids count on acetic acid in 1l 100% ethanol %, not more than	0,007
Content of methanol in gram per 100ml 100% ethanol not more than	0,3
Content of higher alcohols in 1l 100% ethanol, g/l not more than	2,0
Content of water %, not more than	0,3
